ColomPac[®] is climate neutral

Kilby Packaging, working in partnership with ColomPac®, provides a comprehensive range of superb quality, cardboard postal solutions which are quick and easy to use, for both you and your customer.

Sustainable Packaging

Looking for packaging that minimises the effect on the environment? Changing to lighter weight packaging that still protects your products and is easy to recycle?

At Kilby Packaging we supply a wide range of sustainable, paper based products which complement the ColomPac® portfolio. Self-adhesive paper mailers make a smart alternative to polythene and look great too. Self-adhesive paper tapes are ideal for sealing boxes and can be printed with your logo to promote your brand.

ColomPac[®]

for the benefit of the environment

100% sustainable

FSC[®] is an abbreviation for Forest Stewardship Council[®], an international organisation promoting socially and environmentally responsible forest management. The FSC[®] logo demonstrates that we have been certified by independent auditors and that we comply with the prescribed standards at all stages of our production. This is audited annually. Our license code is **FSC**[®]-C084581. The certificate can be found on the **ColomPac**[®] website under Downloads.

Sustainable from the very beginning – Our products are 100% recyclable thanks to the natural resource paper. The corrugated cardboard used by **ColomPac**[®] is also made up of a high proportion of recycled material and can be reused up to 20 times.

Sustainable from the very beginning - We take the right choice of materials, optimal functionality and the minimisation of material loss into consideration as early as the development phase so that we can make sustainable savings in resources over the long term. Logistics are also given due attention with a view to reducing transport volumes.

ColomPac[®] is climate neutral. We have been producing our entire range in a climate-neutral manner since 2014, which means our global CO₂ balance is neutral. You can obtain information about our climate protection projects at www.climatepartner.com using the ID number 11392-1402-1001 (which can be found on every **ColomPac**[®] product). We are constantly working on improving the overall minimisation of our emissions and are also actively involved in internationally recognised climate protection projects. We have been authorised to label our packaging „climate neutral“ since 2014.

Big, quick, secure — The Euroboxes XL – when size matters

CP 154 XL

Featuring a surface area suitable for pallets, a variety of heights and a universal cover, which is easy to attach using the **ColomPac®** self-sealing closure. That's how shipping is done today!

- Basic size is 600 × 400 mm, so it's perfect for stacking on a Europallet
- Feature 3 different heights: 100, 200 and 300 mm
- Quick set-up thanks to Twinboxmatic, a cover which fits any size
- Can be custom printed on the outside as well as inside upon request
- Cover can be securely sealed thanks to the **ColomPac®** self-sealing closure and is easy to open using the integrated tear-open strips
- Top stability thanks to double-corrugated cardboard and additional stacking corners
- Tamper-proof and easy to handle
- Optional: **ColomPac®** return shipping closure for professional dispatch of returns

Show yourself off!

Create your own customised packaging with Design by ColomPac®.

In today's world of online ordering, packaging design is a vital marketing consideration. It must convey an appealing message about the value your products, and show respect for your customers with the way you present and deliver their purchases.

Design by ColomPac® offers, in collaboration with you, one single source for the graphics and implementation of your branded packaging requirements from concept to completion.

Individual Designs.

If your product is particularly large, long, heavy or just needs to stand out, our experienced graphics and development team will tailor-make your packaging for you.

Do you need a customized solution?

Do not hesitate to contact us.

Original 
ColomPac[®]

Packaging for real things.

Offset, Flexo or both? Interior and exterior? Anything is possible.

Flexo Printing.

Is the ideal solution for displaying your company's logo directly on your packaging. Up to 2 colours are printed directly on cardboard with Flexo printing with individualized packaging, starting at 5.000+ units.

Offset Printing.

Can do even more with photorealistic imagery in up to 6 colours. Whether on the exterior, interior or on both sides, unpacking becomes a pleasant experience... your product as well as your message will be well received by your customers. And additional refinements such as embossing or matte varnishing can turn your packaging into something very special.

Your print data - our service

Correct print data is the foundation for any successful project.

All the key information you need to create print data - you can find it in the download area of our **ColomPac**[®] website or under:

Crystal clear and safe — the DHL-certified bottle box

Suitable for the safe shipment of 0.75L wine bottles.

- DHL-certified for the shipment of 1, 3 or 6 wine bottles (0.75 L Bordeaux type).

Original 
ColomPac®

Packaging for real things.

Intelligent packaging. Safe delivery.

Quality. 100 percent.

You want first-class quality without any compromises. Climate-neutral, FSC® certified, in Kraftliner grades. So things arrive in one piece.

Packing. Fast and safe.

You have no time to waste. We have the ColomPac® self-sealing. Easy, fast, safe.

Unpacking. Easy and convenient.

The red tear open strip opens the packet. Effortlessly. Customers like that. So consignees do, too.

Economical. Saves postage.

You are thinking of your budget. So are we. The dimensions of our despatch packaging give you best value for your postage. You save money.
